VALUES

AT BOBIT, WE ADHERE TO SIX CORE VALUES:

1

CLIENTS' NEEDS FIRST

We cater to the client by providing outstanding customer satisfaction to advertisers, readers and internal customers. We aim to be known as the company that delivers "service with a smile."

2

INTEGRITY

Whether it's the easy choice or not, we make sure to always do the right thing by our associates and our clients. We strive to be a company you can count on.

3

"CAN DO" ATTITUDE

The media industry is constantly changing and our clients are always wanting something new and different. Even if we might not know how to make it happen at first, we always give it a go. "No" is not a word we like to say.

4

TECHNICALLY ADEPT

We live in a digital world that's constantly advancing. We make sure to remain technically savvy, staying on top of the latest digital trends and technologies, and are constantly improving our digital skills.

5

SOLUTION-ORIENTED

At Bobit Business Media, when we hit a road block, we don't give up. No matter how big or how small the problem may be, we figure out a solution with our never-give-up attitudes.

6

ADAPTIVE

We can't get this all done without being adaptive. Things happen, technology changes, ideas are redefined, and we bend. We understand we must be willing to follow whatever new path may arise to lead us to success.

WORK ENVIRONMENT

At Bobit Business Media, our success depends on two things: the satisfaction of our customers and the well-being of our associates. We foster a professional environment that provides training, encourages growth, recognizes outstanding achievement, and rewards a job well done.

WHAT'S THE ENVIRONMENT LIKE AT BOBIT?

Bobit was a family-owned business of three generations and we continue to foster that environment with each of our associates. We strive for an open atmosphere that provides transparency about our business operations to our associates so that we share in our success. We conduct regular all hands meetings for associates to learn about the progress the company is making in achieving its yearly goals. When the company does well, so do our associates.

We believe in having fun, too. Our quarterly parking lot picnics allow people to relax outdoors while enjoying sunshine, food, and drinks. The annual Holiday Party brings associates together for laughter, cheer, and celebration. We incorporate plenty of spontaneous seasonal fun as well, because we acknowledge and appreciate that hard work takes place year-round.

But most of all, we want our associates to achieve success. We provide training, hold lunchtime learning sessions, and encourage education among our associates to ensure they have all the tools they need to prosper.

HISTORY

Bobit Business Media was a family-run media powerhouse for 57 years, founded in 1961 by Ed Bobit with the launch of our flagship publication, Automotive Fleet.

Originally founded in Illinois, Ed moved the company to Southern California in 1977. “We had lived most of our lives in the Chicago area and really just wanted to experience winters without shoveling snow!” said Ed Bobit, who passed away in 2014. The company became one of the strongest B-to-B media forces in the West and acquired several new titles.

The company jumped into digital media with both feet in 1996 by setting up industry websites for all of its brands. Employing an in-house team, Bobit Business Media websites are leaders in their markets.

All of Bobit’s products meet specific markets’ need for knowledge, news, and networking. Its headquarters occupy 50,000 square feet in Torrance, Calif., and it has regional offices throughout the United States.

Bobit was acquired by Gemspring Capital in the fall of 2018, but its family-run business values remain. Gemspring Capital is a private equity firm based in Westport, Conn., and specializes in lower middle-market companies.
